## Families Need Fathers

The original support group for divorced UK fathers, is to open a new group based in Bath, with the help of Mogers

Mogers/Natalie Drew, a solicitor in our Family department has recently set up Bath based group for Families Need Fathers (FNF), a national and well established charity offering advice and support to those struggling to deal with family relationships after separation.

Unlike many of the more infamous groups, FNF, established in 1974, has won praise from the former President of the Family Division of the High Court and has the Right Hon David Blunkett amongst its patrons.

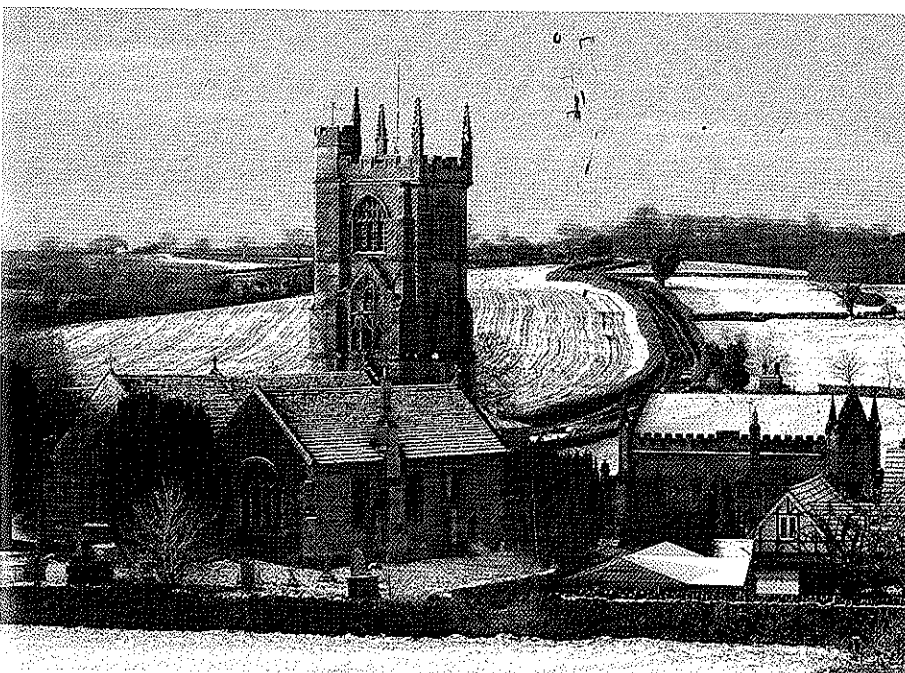

It doesn't just offer pro bono help to fathers but all family members including mothers, step-parents and grandparents. The Bath group meets every third Tuesday of the month at Mogers offices from 6.30pm onwards and, in conjunction with the Bristol group, hopes to offer FNF run workshops in the near future to assist with a range of non-legal issues.

## Norton St Philip Parish church bell tower fund

Mogers own charitable donations exceed expectations for 2009 to benefit good local causes

Here at Mogers, we firmly believe in giving back to the community. We are proud supporters of many local and national charities. You may recall in the last edition of the magazine, we featured the Parish Church at Norton St Philip and specifically the fund to raise money for the Bell Tower.

We're delighted to announce our contribution to this fund now enables the church to apply for the relevant grants. But we don't want to stop there. During 2009 we've also supported the Alzheimers Society and the Forever Friends (neo-natal unit) at the RUH.

Donations have been raised specifically from oath fees, soup lunches and agreeing to donate a percentage of our fees where instructions come as a direct result of the charitable campaign.
